**Inspection Covers**

Thanks to the work of Soggy John and a couple of other folk, North Somerset CC has now installed the first of five Anti Skid inspection covers (manholes).

This first cover which is of a slightly different design to the original example that we were shown has been placed on a sharp bend on a road in Nailsea.

Whilst this cover is on a lighter trafficked street, it is hoped that the other covers will be on more major roads. The ideal location for them would be at junctions or roundabouts. North Somerset is to feature this project in their magazine sometime in the New Year.
